PSC Natural Foods, as an essential service, has been open and operating through the Covid-19 pandemic. We have experienced increased demand for our products and our entire team has worked tirelessly, despite the uncertainty, through these unprecedented times.

Due to a large increase in demand and supply chain disruptions, you may notice intermittent supply issues with some of our brands.

We apologize for this, and are working hard with our vendors and carriers to ensure we keep stock rolling.

Many vendors are reducing production to only their key items. Some are allocating stock, while other are unable to ship completely.

We ask for your patience as we work through these challenges. Please do not hesitate to contact our sales team should you have specific questions.

We are also working hard to keep our staff and customers safe. We have reduced the number of workers in our offices by allowing many of our staff to work from home. We have instituted rigorous cleaning policies in all of our common areas, warehouse, and delivery trucks.

We are strictly practicing physical distancing and our staff are wearing masks when appropriate. We are continuing to monitor the situation and are closely following all Health Canada and BCCDC guidelines. Our delivery drivers also have masks and gloves and will follow any COVID protocol you have instituted at your business in an effort to continue to "Deliver the Goodness" in an efficient and safe manner.

We are all in this together and we will get through it by supporting each other. We hope you are all healthy and safe in these uncertain times.

PSC Management Team
